Fair Housing Foundation Receives \$30,000 Donation from PennyMac Corporate Philanthropy Program

Long Beach, CA – To help support and address equality in housing, PennyMac presented a \$30,000 donation to the Fair Housing Foundation (FHF).

The donation was given in recognition of Fair Housing Foundation’s dedication to eliminating discrimination in housing and promoting equal access to housing choices for everyone. FHF actively supports and promotes freedom of residence through education, advocacy, and litigation, to ensure that all persons have the opportunity to secure safe and decent housing that they desire and can afford, without regard to their race, color, religion, gender, sexual orientation, national origin, familial status, marital status, disability, ancestry, age, source of income or other characteristics protected by laws.

The unrestricted donation will be prioritized for education, counseling services, and outreach activities that:

- Help develop innovative ways to better inform the public of fair housing laws and their rights and responsibilities
- Increase Fair Housing training opportunities throughout our service area
- Streamline assistance to clients

“We cannot express how appreciative we are for this generous gift. Our agency provides programs that are vital to the constituents of the cities we service. We educate not only on landlord/tenant rights or housing discrimination, but on how our communities can work together. If everyone understands their role and how they can contribute, it creates a beautiful place where anyone would want to live. I sincerely want to thank PennyMac for valuing our mission of eliminating housing discrimination and choosing us to be the representatives for such an important message,” said Stella Verdeja, Executive Director. “

This support will allow the FHF to advance its work in education the community and promoting equal access to housing choices for everyone.
